ULTRA RUGGED SMARTPHONE ON YOUR HAND

PM45 is validated by Android Enterprise Recommended, a Google- led initiative that helps businesses confidently select, deploy, and manage the Android devices and services best suited to their enterprise needs. For more information, visit: <https://www.android.com/AER>

Ultra-durable Smartphone ever you met

At Point Mobile, we don't just build smartphones which can be easily broken and damaged. As we are leading the global rugged enterprise mobility market for decades, we build ultra-durable devices to meet US Military Standard 810G rating that ensures protection against fall, drop, shock, vibration, dust, water immersion, extreme temperatures, low pressure, high altitude, solar radiation, salt fog, humidity and a wide variety of extreme conditions.

Doubles as a walkie-talkie

Its rugged design is optimized to improve the Push-to-talk experience with a large, tactile side button, an extra-loud speaker and external Push-to-talk remote speaker microphone and headset support. You can communicate with a specific worker, a specific group of workers, or all of your workers at no cost. Whether on a smartphone, a radio, a computer or any other communications device, your personnel can connect instantly via Push-to-talk.

Face the premium with Qualcomm Snapdragon Octa-core 1.8GHz

Qualcomm Snapdragon, the brain of PM45, has Octa-core 1.8GHz processor will provide unbeatable performance any kinds of enterprise applications in the field. Its X9 LTE modem will give you up to 300Mbps downlink and 150Mbps uplink speed. PM45 has 3GB RAM and 32GB Flash.

Experience the truly-Enterprise-tuned Smartphone ever in the market

A consumer smartphone may be easy to use but its frailness and lack of security makes it unsuitable for the enterprise environment. Your business needs a smartphone that is fine-tuned for the accomplishments, job satisfaction and productivity of your workers, and that's where PM45 comes in. You can find a variety of rugged Android smartphones in the market, however, PM45 is the truly-Enterprise-tuned smartphone. Whatever you expect, YOU WILL SEE MORE. PM45 features fast roaming Wi-Fi, full SDK & API for enterprise-level customization, user-friendly replaceable battery, Push-to-Talk function with loud speaker and more. Both USB-C and Pogo-pin connector provide multiple expansion like a charging cradle, multi-slot battery charger or vehicle-mounted cradle, which are widely required in the enterprise working environment.

Frequently using 3 "HARD" keys towards field-work-forces

Most of Smartphone in the market adopts capacitive-based touch button even for the most frequently used Recent App, Home, Back button. Not every user prefer to use Stylus pen in the field, PM45 features with 3 hard keys: Recent Apps, Home, Back button including a user-assignable key for quick access to essential applications in the field.
